MEMORIES FROM AN UNFORGETTABLE TRIP 2025

While visiting schools, churches, orphanages, and homes we were more able to understand more about the needs, fears and hopes of the people in Congo. I have attached a few of the many pictures taken during the recent trip to Congo. We are planing an information session in the new year, but if you have questions or comments please feel free to contact us at the email provided.

Pygmies, are considered by some, to be unable to learn. Hope for Orphans-Congo believes they can learn! This is the school where the pygmy children attend.

This Primary/Secondary school is in Goma and a member of our charity team, Janvier, is the Headmaster at the school. Education is one of the means to overcome poverty.

This is just some of the food distributed in the Congo during the trip.

This was in the city of Goma.

Students we support at a Catholic school in Panzi, DRC.

Visiting a village school classroom.

Visiting primary children at a village school near Bukavu, (new uniforms are needed by many).

Secondary Students supported at the school.

Children at the school lining up to meet the visitors!

A school in Goma where some of the Pygmy children you support attend.

Some past and present University students with Dan Maki.

Attending church in an upper room with UPCI Pastor Janvier.
